Keywords: Workshop, Training, Pandemic, MGV's ASC College, Manmad, Department of Library

Introduction:

Considering the outbreak of COVID-19, due to social distancing and stay-at-home orders issued by Government Of India, all the schools, colleges & universities have been asked to shut down and make immediate transitions of moving education to online learning. This has posed a challenge for libraries, for users including teaching faculty and students, as well as the services the library has been providing during the pandemic period. To overcome this situation our department of library has organized several workshops/training programme to facilitates to all the students and teaching staff to search, browse and can easily access the desired material including audio/video learning material, textual material, multimedia enriched materials etc. through free online educational resources.

Aims & Objectives:

The aims & objective of the workshop/training programme are as follows:

1. To create awareness about free online reference sources among all the students and the teaching faculties of the college.
2. To train all the students and teaching faculties that "how to search & browse, the desired study material including audio/video learning material, textual material, multimedia enriched materials etc. through free online educational resources.
3. To adopt digital preservation strategies to ensure long-term availability of e-content developed by the faculties of related discipline.
4. Provision to host other relevant e-modules available in open access.
5. To promote usage of e-content amongst students and the teaching faculties

Scope:

Scope of study has covered e-contents created or being created by the teaching faculties of the MGV's Institution should be made available through a single point user friendly interface. Also interlinkages are given for other type of materials such as previous year question papers.
