## Policy Document

### Green Campus/Plastic Free Campus

#### Scope:

The scope of this policy includes adapting a defined mechanism in planning, execution and review of strategies for making the campus green and plastic free, energy conservation, and waste management. The policy addresses the following issues:

- Identifying possible areas of greenery on the campus.
- Making the campus plastic free.
- Water conservation and optimum utilization.
- Energy conservation

#### Objectives:

- Creating awareness among the stakeholders about environment conservation through creating mandatory space in academic and administrative policy, working strategies and allied activities.
- Defining a mechanism to have appropriate usage of natural resources.
- Extending the impact of potential practices of environment conservation to the neighborhood community.

#### Policy:

The policy defines guidelines in planning and implementation of strategies and related activities for protection and conservation of environment on and off the campus.
